

4<sup>th</sup> April 2024**Circular on Honeywell Hackathon**

School of Computer Science and Engineering, Faculty of Engineering and Technology and the Fire And Combustion Research Center, in collaboration with Honeywell, will be hosting a 24-hour Hackathon on April 16th and 17th, 2024. This event is open to all engineering students across all years of study.

**Event Details:**

1. Date: April 16th and 17th, 2024
2. Venue: The Global Campus - JAIN (Deemed-to-be-University)

**Event Description:** The Hackathon will be centered around a set of problem statements provided by Honeywell, offering participants the opportunity to address specific industry challenges. During the event, participants will compete to generate ideas, concepts, and build models and prototypes in response to the problem statements.

**Mentorship and Support:** The event will be graced by Fellows, Senior Technologists, and Engineers from Honeywell, who will be available to provide guidance, mentorship, and technical support to the participants throughout the Hackathon.

**Prizes:**

1. Top 3 Entries will be presented to Honeywell leadership.
2. Cash prizes of Rs. 60,000/-, Rs. 45,000/-, and Rs. 25,000/- will be awarded to the top 3 entries respectively. All cash prizes will be equally distributed among team members. Honeywell will not be responsible for any disputes regarding prize dispersal.
3. A jury of Honeywell employees will select the winning entries, which may also be displayed at Honeywell. The jury's decisions shall be final and binding.

**Registration and Participation:** Participants are required to register for the event after accepting the terms and conditions. Teams must be formed, and results uploaded as per the guidelines provided. Refer to the below poster for registration process to express the interest for the same.

We encourage all interested students to participate in this exciting opportunity to showcase their skills and creativity.
